AmeriCorps National Civilian Community Corps (NCCC) is a federally-conducted national service program that strengthens communities and develops leaders through team-based national and community service. In partnership with nonprofit organizations, state and local agencies, and faith-based and other community groups, AmeriCorps members in NCCC complete service projects in all 50 states and some U.S. territories. 42 U.S.C. § 12611-12626.

AmeriCorps members in the NCCC program serve 10 to 12 months in a rigorous team-based national service program. Members, based out of one of four regional campuses, are trained before they are deployed to service projects. Once training is completed, teams are assigned to projects throughout the region.

AmeriCorps members in NCCC serve on teams that complete projects in communities in every state in collaboration with community organizations, schools, and local, state and federal agencies. For more information on the program, please visit americorps.gov/nccc.

To complete the program, AmeriCorps members serving with NCCC must complete 1,700 hours of service over the 10-12 month term.¹ While serving, members receive a modest living allowance to cover personal expenses. AmeriCorps provides members with housing, meals, and uniforms at no cost to members. In addition, members are eligible for the Segal AmeriCorps Education award upon successful completion of their service term. The award is equal to the current maximum amount of a Pell Grant.

If this office can be of any further service to you, please do not hesitate to contact us at: 1-800-942-2677 or E-mail: ANCCC@cns.gov.

Sincerely,

Ken Goodson
National Director, AmeriCorps NCCC

¹ There is no weekly minimum number of service hours required. If a member wanted to complete the 1700 hour commitment in equal weekly increments over the service term, they would need to earn approximately 42.5 hours/week.
